SENATOR MARTIN CALLS FOR CRUSADE TO RESCUE THE GOVERNMENT FROM FREE-SPENDING BUREAUCRATS

Speaker Says Republicans Must Come To The Rescue and Stop the Wasteful Course or America Will Be Bankrupt — Other Notable Speakers Include Governor Duff, G. Mason Owlett and Senator C. Wayland Brooks, Illinois.

(Special to Courier)
PHILADELPHIA, Feb. 25—Hailed as Pennsylvania's "favorite son" Republican choice for President, U. S. Senator Edward Martin last night called for "a great Republican crusade to rescue our government from the free-spending bureaucrats who will bankrupt America unless their wasteful course is checked."

He addressed the 39th annual meeting of the Pennsylvania Manufacturers' Association in a record-breaking session at the Bellevue-Stratford. Earlier in the day the Association's president, G. Mason Owlett, Republican National Committeeman from this State, had declared that the Pennsylvania delegation will go to the G.O.P. convention this summer committed to Senator Martin as first choice for President.

Two other nationally known speakers were on the program. One was Pennsylvania's chief executive, Gov. James H. Duff, who stressed the serious dangers of the present government-inspired inflation; and U. S. Senator C. Wayland Brooks, of Illinois, who warned that much of the Marshall Plan is nothing more than an attempt to make American taxpayers underwrite the cost of Socialistic experiments in Europe.

Senator Martin pointed out that in the recent spurge of Democratic speeches about Thomas Jefferson, none of the New Dealers remembered that Jefferson once said: "A place economy among the first and most important virtues, and public debt as the greatest danger to be feared."

"In the fourteen months that I have been in Washington I have seen how the taxpayers' money is tossed about recklessly by the bureaucrats," Senator Martin continued.

"I have seen the stubborn resistance with which every department, agency, board and commission fights against any suggestion to curtail their functions or to cut down their swollen payrolls.

"I have seen how individuals, organizations and even cities and states combine into pressure groups to demand money—the taxpayers' money—for their pet projects. This is why I am so deeply concerned

A SUMMARY OF THE NEWS

The United Nations Security Council can act under the Charter to "prevent aggression against Palestine from the outside," or "to prevent a threat to international peace and security from inside," but "not to enforce partition," Warren R. Austin declared yesterday.

In stating this country's position to the Council, Mr. Austin said United States policy "will conform to and be in support of United Nations action on Palestine." He proposed that a committee consult with Britain, the Palestine Commission and the Arab and Zionist communities, and if an international armed force is then felt necessary, "the United States would be ready to consent" on steps to maintain international peace.

Observers at Lake Success noted that the United States policy statement involved a great deal of time before a decision could be reached and that it virtually invited Russia into any armed force that might be sent to the Holy Land.

While the Security Council was debating the Palestine question, mortar bombs and machine-guns bullets were falling on Jerusalem. There was heavy firing from both Arab and Jewish quarters.

The "March of Dimes" campaign this year was considered a success, although it did not reach last year's figure in this area, according to Mrs. Robert Braker, chairman of the drive in Bristol.

"All things considered, the drive was excellent," comments Mrs. Braker. "It is hoped that industries, organization, etc. which have not yet contributed, will do so this week by sending contributions to me at 236 Cedar streets," she adds.

One outstanding feature, it is pointed out, is that the school pupils redoubled their efforts and consequently doubled contributions this year.

Damage Here Not As Great As In Some Other Communities

FEAR DEEP FREEZE

Bristol's streets have not been damaged to the extent that streets and highways in some other communities, is the opinion of Borough Engineer John S. Roberts, Jr.

"But if we should get a second deep freeze and then a thaw that is what road men claim will do severe damage," says Roberts.

There are some holes in the streets of Bristol which were caused by snow water seeping down into the crevices and then freezing and the ice expanding. This has caused upheavals, one particularly bad one being on Radcliffe street near Taylor street.

A section of Rodgers Road in Bristol Township is also in bad condition due to the ravages of winter.

Generally the roads of the county are thought to be in pretty fair condition. "If that second deep freeze and then thaw do not occur we won't be so bad off," is the claim.

William Carson Temple Dies in Lansdale Hospital

LANSDALE, Feb. 25—William Carson Temple, editor of Commercial America, a publication of the Philadelphia Commercial Museum and former Philadelphia and New England newspaperman, died in Elm Terrace Hospital, Lansdale, last night, after a four-day illness. He was 62.

Mr. Temple, a resident of Lansdale since 1915, formerly was co-publisher of the Lansdale Reporter, with the late Walter L. Sanborn, from 1915 to 1923. He then joined the editorial staff of the former Philadelphia Evening Ledger, worked in a similar capacity on The Philadelphia Inquirer and later became editor of Commercial America. He was a graduate of Princeton University.

EPISCOPALIANS WILL HEAR BISHOP'S VOICE

ATTEMPT TO BE MADE TO RAISE HUGE FUND FOR THE SUFFERING ABROAD

TO UTILIZE THE RADIO

On Sunday next, substantially every member of the Episcopal Church will hear the voice of their presiding bishop, the Right Reverend Henry Knox Sherrill, by means of a new and extraordinary use of radio. In Eddington, the congregation of Christ Episcopal Church will sit in their pews, and at exactly 11:32½ a. m., the presiding bishop's voice will be heard, telling of the needs of war devastated countries in Europe and Asia, and urging Episcopal Church members everywhere to accept their "plain duty and privilege" of helping these suffering millions. The same scene and the same message will be repeated in thousands of Episcopal Churches all over the country, at the same time.

The Episcopal Church gave more than a million dollars in 1947 through its presiding bishop's fund for world relief, it is stated, and it intends to raise the same amount or more in 1948. Will Distribute Ballots To Homes in "Estates"

The Women's Auxiliary of Fleetwing Estates Civic Association held its meeting last evening at 69 Abramco street, with Mrs. Donovan F. Fagan as hostess.

Nominations were made for the offices of president, vice-president, secretary and treasurer. After discussion, it was agreed that every woman in the "Estates" should have an opportunity to participate in election of officers. Arrangements will be made, therefore, to distribute ballots to every home on March 18th, and to collect them the following day. Results of the election will be made known at the next meeting, March 23rd, and new officers will assume duties in April.

A request was made for donations to the sale of baked goods by Edgely P. T. A. to be held next month, and members promised contributions.

Ways and means of raising more funds toward the community house were also discussed, and plans suggested for a series of small card parties.

Cake and gelatin dessert with whipped topping were served by Mrs. Fagans.

CARVED CURL NEW "WOO"

Padded about the hips and flounced at the skirt she may be, but midday of the new look will be smooth on top. So say stylists of the newest thing in hairdos.

The "carved" curl and the sculptured swirl are the twin commandments of the 1948 coiffure. They dip over one ear to balance side-slipped hats and stay close to the head to break the monotonous line a long bob would build in combination with the mid-calf hemline.

The glamor bob, according to the word from New York, is out—because of that long bleak line to the hem. If madame prefers to keep her hair longer than the preferred four to five inches, she'll have to sweep it upward and across, close to the head, in a "revision," not a revival, of the 1920s' vogue cut.

But the women like that new look in clothes—matched to the newest thing in hair and hats, that is. Fashions are coordinated this year—the hair style to the hat, the hat to the dress—all very refreshing to see together.

The 1948 woman has more time to be a woman, hair stylists assert, and should sack the most in style from a new and feminine remodeling of her crowning glory.

The sides drape, the swirled soft wave, the flat curl and the natural earmuff are their prescription for the "woo" look.

The American male, they claim, will like 'em.

ALWAYS THE WEATHER

When a dust storm extending over a 75-mile strip in Western Nebraska was reported the other day, newspapers in the East gave it little if any space. And in Chicago the price of wheat dropped the next day. Possibilities of a poor crop year because of adverse weather conditions—a development which would have caused consternation and fear a year or two ago—hardly evoke a ripple of interest today.

As the war years recede into the past, people are becoming less and less crisis minded. And the philosophy of "there was always something to eat in the past, there will always be something in the future" may go far toward ameliorating effects of a crop shortage when one develops. Government must put its own house in order. Government expenditures—Federal, State and local—must be cut to essentials until the crisis is past. In much of their spending our Governments are competing directly with their own citizens, bidding against them in the market for labor, for scarce building materials, for automotive equipment and for various other necessities. Let Government make these contributions:

1. Substantial reduction of the Federal budget as submitted to the Congress by the President;

2. Examination of State and local government postwar building and service programs with a view to reduction to genuine necessity;

3. Retirement of the Federal debt as rapidly as possible, particularly the large bank-held portion to help contract the monetary base and relieve inflationary pressure;

4. Stronger encouragement of individual savings. Some form of income tax credit should be considered to provide an added incentive to save;

5. Adoption of more restrictive government credit policies, including restoration of restrictions in installment buying and other consumer credits. Since a plentiful supply of money is one of the basic causes of our high prices, it is not foolhardy to spread that money still further and force prices still higher through abuse of credit;

6. Action to eliminate restrictive business and labor practices which hamper free competition, require unnecessary work and result in needlessly higher costs. If industry and agriculture and labor could work together in an unprecedented display of mass strength to win the war, they surely can with proper leadership repeat the effort and win the equally vital battle against inflation and the world chaos that will accompany it.

During the presentation of distinguished guests at the banquet, an enthusiastic ovation by the audience was given to former U. S. Senator Joseph R. Grundy, of Bristol, who founded the Association thirty-nine years ago.

Morrisville Mothers Have Active Program

MORRISVILLE, Feb. 25.—The Service Mothers Club sponsored a novelty party at the home of Mrs. William McAuley, 40 East Palmer street, at 1:30 p. m., yesterday.

Two other activities were planned by the club at its session at the home of Mrs. Windfield C. Sipler, 116 Grove street. Mrs. Robert Chase of 139 Grove street, newly-installed president, will be hostess at her home on March 3. The afternoon will be spent sewing for veterans in hospitals.

On March 11, the club banquet will be held at Hunter's Restaurant, Trenton, N. J., at one p. m., with Mrs. E. Preston Carver and Mrs. Maurice Long in charge.

Mrs. Chase has announced the following committees to serve this year: Hospital, Mrs. William McAuley, chairman; Mrs. Maurice Long and Mrs. Walter Girtton; activities, Mrs. Carver, chairman, and Mrs. Long; YMCA, Mrs. Girtton; Teen-age Canteen, Mrs. Carver; membership, Mrs. Marietta Thompson; publicity, Mrs. Earl Marsh.

to the Wallace hopes. It would be a mistake to over-emphasize it. But as I have contended since he announced, is now demonstrated.

In 1946, the Democratic candidate from this district won by a vote of 39,316 to 16,931 over his Republican opponent. In 1944, when Roosevelt headed the ticket, the Democrat for Congress won by 102,654 to 18,461. In 1942, the vote was 117,198 to 86,506.

Last Tuesday, the Democratic candidate got only 12,578 votes; the Republican candidate only 14,821; and Wallace American Labor Party candidate (who did not even live in the district) got 22,697.

Wallace has gone into low gear. In his first test, the Wallace candidate for Congress not only surprised his own party, but all parties. He was elected. As against the previous election in 1946, the Democratic strength went down from 44 to 31 per cent, and the American Labor Party strength went up from 27 to 56 per cent.

But the Republican strength practically disappeared. It went down from 19 to 3.6 per cent. This indicates that Wallace will pull Republican as well as Democratic voters, although the overall effect of his candidacy will hurt Truman more than his Republican opponent.

Many have "confidently" asserted that Wallace will pull out of the race before November in favor of Truman. But after his smashing victory in the 24th New York Congressional election was the uninited guest at the Jefferson-Jackson dinners last week, this seems wishful thinking to me. Mr. Truman's chance of election is on the down-grade. Nevertheless, he is to be congratulated in backing away from the Roosevelt appeasement policy to Russia, and in driving out from government offices those whose inner loyalty is to a foreign power.

CARVED CURL NEW "WOO"

Padded about the hips and flounced at the skirt she may be, but milady of the new look will be smooth on top. So say stylists of the newest thing in hairdos.

The "carved" curl and the sculptured swirl are the twin commandments of the 1948 coiffure. They dip over one ear to balance side-slipped hints and stay close to the head to break the monotonous line a long bob would build in combination with the mid-calf hemline.

The glamor bob, according to the word from New York, is out—because of that long bleak line to the hem. If madame prefers to keep her hair longer than the preferred four to five inches, she'll have to sweep it upward and across, close to the head, in a "revision," not a revival, of the 1920 vamp cut.

But the women like that new look in clothes—matched to the newest thing in hair-and-hats, that is. Fashions are coordinated this year—the hair style to the hat, the hat to the dress—all very refreshing to see together.

The 1948 woman has more time to be a woman, hair stylists assert, and should seek the most in style from a new and feminine remodeling of her crowning glory.

The side drape, the swirled soft wave, the flat curl and the natural earmuff are their prescription for the "woo" look.

The American male, they claim, will like 'em.

MORRISVILLE, Feb. 25.—The Service Mothers Club sponsored a novelty party at the home of Mrs. William McAuley, 40 East Palmer street, at 1:30 p. m., yesterday.

The same is true in other countries, and that is why many of us objected strenuously and seriously to blindly adopting the original so-called Marshall Plan.

"We, too, like Lincoln, hate oppression. We would like to extend human liberties; but like Lincoln, we must remember that to preserve our own form of Government, our own solvency, and our own security, are the major challenges of this day."

Governor Duff, after calling attention to "a widespread and growing feeling of uneasiness and uncertainty throughout the Nation" about how soon our prosperity may collapse under the pressures of inflation, called upon industry, labor and government for a voluntary price roll-back to reverse the present trends.

He continued:

and alarmed over the future of our country."

He pointed out that Philadelphia's share of the Federal tax burden for a single year would have been enough to run the entire city government there, the county government, the whole school system, the Red Cross and the Community Chest—for more than five years!

"We can stop that sort of spending if we have the will to do it," he continued. "But the will must grow and develop out of the spirit of the people—from organizations of business and industrial leaders, from the wage earner, the farmer, the white-collar worker, from every decent, self-respecting, law-abiding citizen who loves America and wants to keep it safe, sound and solvent."

"In these critical times there is no program more constructive or more vital than a return to sound fiscal policy. That is the only way to assure our freedom and to safeguard the liberties for which heroes and patriots have died in every generation. Every nation that has gone down to destruction was wrecked on the rocks of economic weakness. Let us keep America solvent."

Senator Brooks emphasized the immense cost of the Marshall Plan by pointing out that it mean an average tax increase for every American family of at least \$500; that it would mean steadily rising prices and growing scarcities, which would in turn force new demands for higher wages and thereby speed up inflation; and that such a sequence would soon force a return to rationing and price controls which, once undertaken in inflation and the world chaos that will accompany it.

PINDAR BREAKS PLAYER RECORD FOR SCORING

"Joe" Pindar, high-scoring forward of the Bristol Junior Varsity squad, broke the individual junior varsity record for a season as he scored 11 points to bring his total to 155 points. The previous mark was set by "Kenny" Martin in 1945.

Pindar's 11 points aided the Junior Varsity to beat the Fallsington Junior Varsity, 27-20, for the Junior Warriors' 16th consecutive triumph and their 18th of the season.

The Bristol Jayvees appeared rusty in the tilt as they continually missed field goals. Their night's total showed that out of 41 tries within the quarter-mark only 11 field goals were dropped.

A pair of field goals by Frank Rich, another by Dick Harmon, and a foul conversion by "Vic" Canti in the final period gave the Warriors their margin of victory.

as well as the newest personalities in the field of sports.

Among them are Sharkey, the educated seal, who is star of the show; Frank Mansfield, who fires bullets at his wife and daughter; beautiful Diana Dixon, noted for her authentic reproductions of bird calls; Jimmy Risk, champion horseshoe pitcher who taught the fine points of the game to President Truman; Orin Benson, whose untiring retriever dogs always bring home the game; Laszlo Bellak and Philadelphia Elaine Wright, table tennis experts and Emmet Oldfield and Eddie Ware, comedy acrobats and contortionists.

Daring exhibitions of canoe-tilting and log-rolling will be performed by famous guides and trappers. Champion bait-casters will demonstrate their unerring accuracy in hitting rings on the water from a distance of 60 feet.

A number of booths will depict the activities of sports clubs in this area. The Holmesburg Fish and Game Protective Association will be represented by an exhibitor dressed in a 55-year-old costume of deerskin with a coonskin hat. He will explain to spectators the uses of various antique firing arms, such as frontier "Peacemakers," and gamblers' derringers. For the first time the Association will have a display of weapons which have caused accidents.

Chief Needabeh, a full-blooded Penobscot Indian from Maine, will serve as master of ceremonies for a program of attractions which includes favorites from other years.

The Horse-Shoe Trail Club will

sponsor a booth to publicize the beauties of the 116-mile trail which its members have surveyed, located, marked and cleared. The trail runs from historic Valley Forge to Manado Gap. The club aims to place this unspoiled by-way under the jurisdiction of the Commonwealth of Pennsylvania, to keep it free forever from motor traffic and commercial advertising.

Innovations in marine paraphernalia, never before viewed by the public, will be available for minute inspection.

Preliminary interest in the show indicates a record-breaking attendance. The show will be open daily through March 6.

Where will this money come from?

MONEY FOR EXPANSION — for new central office buildings, for dial equipment, for wire and cable, for telephone instruments, and for the thousand-and-one other things that combine to make a telephone system — does not come from the money you pay us for telephone service.

It comes from the savings of everyday people in all walks of life, who trade their savings for shares of stock in the Bell System.

The money you pay us for telephone service pays our operating expenses — such things as wages, heat, light, power, and depreciation, and such things as taxes and interest on borrowed money. And out of what we have left over after all this, a part is paid to stockholders, in the form of dividends.

You expect the best possible telephone service at the lowest possible cost. The stockholders in the Bell System — and you may also be one of these — expect security and a reasonable, steady return on their investment. It is our responsibility to see to it that all this is accomplished.

THE GIRL WHO NEVER LEAVES HER DESK!

HERE is a girl on the "lobster-shift" at your electric company. She is one of the thousands of co-workers who forge a chain of unending service for you. So that should you ever have any interruption of service it will be attended to promptly.

Yes, during every second of day or night your electric company is on the job. Not just "standing-by" in case of need, but producing* the power a great metropolitan area must have as it sleeps. In your own home, the oil furnace, your refrigerator, clocks—all demand their diet of current around the clock.

The spirit of serving marks the men and women—all of them—at Philadelphia Electric. And this spirit embraces constant effort to find ways in which we may serve you even better.

PINDAR BREAKS PLAYER RECORD FOR SCORING

"Joe" Pindar, high-scoring forward of the Bristol Junior Varsity squad, broke the individual junior varsity record for a season as he scored 11 points to bring his total to 155 points. The previous mark was set by "Kenny" Martin in 1945. Pindar's 11 points aided the Junior Varsity to beat the Fallsington Junior Varsity, 27-20, for the Junior Warriors' 16th consecutive triumph and their 18th of the season.

The Bristol Jayvees appeared rusty in the tilt as they continually missed field goals. Their night's total showed that out of 44 tries within the quarter-mark only 11 field goals were dropped.

A pair of field goals by Frank Rich, another by Dick Harmon, and a foul conversion by "Vic" Cauti in the final period gave the Warriors their margin of victory.

Motorboat and Sportsmen Show Opens in Phila.

Spring officially arrives in Philadelphia Friday with the opening of the 1948 edition of the Philadelphia Motorboat and Sportsmen's Show at Convention Hall.

This year's show promises to be the greatest ever, with a record-breaking number of exhibitors and a wider variety of feature acts booked for entertainment.

Exhibitions will be displayed on two entire floors of Convention Hall, the arena level and the basement level. The indoor lake for demonstrations of equipment and water events measures 64 feet long and 30 feet wide.

Chief Needabeh, a full-blooded Penobscot Indian from Maine, will serve as master of ceremonies for a program of attractions which includes favorites from other years.

as well as the newest personalities in the field of sports.

Among them are Sharkey, the educated seal, who is star of the show; Frank Mansfield, who fires bullets at his wife and daughter; beautiful Diana Dixon, noted for her authentic reproductions of bird calls; Jimmy Risk, champion horseshoe pitcher who taught the fine points of the game to President Truman; Orin Benson, whose un-failing retriever dogs always bring home the game; Laszlo Bellak and Philadelphia Elaine Wright, table tennis experts and Emmet Oldfield and Eddie Ware, comedy acrobats and contortionists.

Daring exhibitions of canoe-tilting and log-rolling will be performed by famous guides and trappers. Champion bait-casters will demonstrate their uncanny accuracy in hitting rings on the water from a distance of 60 feet.

A number of booths will depict the activities of sports clubs in this area. The Holmesburg Fish and Game Protective Association will be represented by an exhibitor dressed in a 55-year-old costume of deerskin with a coonskin hat. He will explain to spectators the uses of various antique firing arms, such as frontier "Peacemakers," and gamblers' derringers. For the first time the Association will have a display of weapons which have caused accidents.

The Horse-Shoe Trail Club will

sponsor a booth to publicize the beauties of the 116-mile trail which its members have surveyed, located, marked and cleared. The trail runs from historic Valley Forge to Manado Gap. The club aims to place this unspoiled by-way under the jurisdiction of the Commonwealth of Pennsylvania, to keep it free from motor traffic and commercial advertising.

Innovations in marine paraphernalia, never before viewed by the public, will be available for minute inspection.

Preliminary interest in the show indicates a record-breaking attendance. The show will be open daily through March 6.

Lions Emblems Given to Three New Affiliates

ANDALUSIA, Feb. 25.—The semi-monthly dinner meeting of the Lions Club of Andalusia was held on Thursday evening at the Penguin Flyer, John Mawby led group singing.

Three new members were decorated with the Lions Emblem, namely Francis Rosbauer, Raymond Vickers and Thomas Keyser.

President William Sterner appointed a membership committee consisting of Stanley Smith, John Ferguson and William H. Reyer. The president also appointed a charter night committee, consisting of William Reyer and Stanley Smith. A guest of the club, Frank Bell, of Tacony-Mayfair Club, gave a short discourse. David Schmell of Lindley-Oiney Club, gave a short talk on "Lionism," and in particular the problems involved in organizing. James Williams, president of the Tacony-Mayfair Club, gave a talk pertaining to the building of membership and cited some of his experience.

The date for charter night was tentatively set for April 17. Vincent Cooke was elected "Lion Tamer" to serve in the capacity of host.

Plan Authority Board For Water Improvements

MORRISVILLE, Feb. 25.—When members of Morrisville borough council held a special meeting, Friday evening, they applied for approval by the Commonwealth of Pennsylvania to set up and incorporate a local board of authority for improvements to the water works.

Five residents of the borough were elected to the board by the council. They will meet and elect their own officers when the authority is granted by the Commonwealth.

Named to the board are: Alfred O. Redland, comptroller of the Vulcanized Rubber and Plastics Company, for five years; Herman L. Margerum, Jr., president of the Morrisville Bank, four years; Harry Simpson, automobile dealer, three years; George F. Gordon, engineer at DeLaVal Corp., two years; and Harris W. Voorhees, executive at John A. Roehling's Sons Company.

now they may have a part in this program of aid for the distressed, through the presiding bishop's fund. At National Church headquarters in New York, N.Y., it was stated recently that 1,600,000 Episcopalians can raise \$1,000,000 for the presiding bishop's fund for World Relief in one day if each parish and mission will do its share. As Episcopal Church people

are being told of this great opportunity, it is expected that congregations will be extremely large, so that most members of the church will hear the message. It is believed that well over a million people, seated in Episcopal Churches, will hear Bishop Sherrill tell of what he has seen personally in Europe, and what is the church's task at this critical period in the world's history.

This is the first time radio has been used by any church in such a way, to convey a message to its whole constituency at one time, states the Rev. Mr. Eastburn.

Honest, I Didn't Know USED FATS WERE STILL BADLY NEEDED!

Keep Turning in Used Fats
American Fat Salvage Committee, Inc.

Lady, where have you been? Used fats are needed now more than ever, because the shortage of fats and oils today is the greatest in the world's history. Our government warns us that the supply cannot meet today's industrial needs. You can help prevent this supply from getting too low by continuing to turn in used fats.

You say you re-use them for cooking? Fine! But even the drops left after that are worth salvaging. How about melting down fat trimmings, skimming gravies? Those tricks yield plenty!

And come to think of it, what other kitchen waste can you convert into good hard cash? It's a point to remember, these days of high food costs! Prices butchers pay for used fats are up, on the average. So please . . . don't throw your fats away. Turn 'em in!

Girl Scouts at Andalusia Conducting Drive for Funds

ANDALUSIA, Feb. 25.—The site for the new Girl Scout cabin was officially announced this week. It is a piece of ground, 40'x100', on Whittier avenue. It has no encroachments, it is stated. The drive for funds for the cabin is underway, and anyone wishing to donate may send contributions to Mrs. Elizabeth Keller, 405 Edgewood avenue, or to any member of the Mothers Chalet Auxiliary, sponsor of the Scouts. The first contributor to the proposed new cabin was the old Girl Scout Troop, No. 1, which has been disbanded. Members turned over three savings bonds, which they had earned to build a cabin. Everyone who donates to the drive will be given a "Booster" sticker, indicating they have contributed. The Scouts are also selling greeting cards and candy.

This evening, Mrs. Helen Metz of the Bucks County Council of Girl Scouts, will choose the girls who are to sing on a radio program.

On March 2nd, the girls, together with their leader, Mrs. James Wright, will go to Kensington Y.W.C.A. to take a physical examination in order to take swimming lessons.

Two new members have joined the troop: Eileen Doerle and Diana Kidd. Their mothers, Mrs. Philip Doerle and Mrs. John Kidd, have also become members of the Auxiliary.

Almighty God, Father of us all, with humility we acknowledge thy greatness and confess our smallness. Majesty and power belong to thee and without thee we are insufficient and can do nothing for ourselves. Help us to call upon thee constantly for the gift of thy strength in our times of weakness. Give us the wisdom to know that thou art always near, a very present help in time of trouble. There is no time when nor place where thy presence is not a constant reminder that we come from thee, have our strength through thee, and will return to thee for our final judgment. Help us, therefore, most merciful Father, to live all of our days in the knowledge that we are thine and that thou art ours to call upon. Through Jesus Christ our Lord we pray. Amen.

FALLS ALUMNI TO PLAY ROHM & HAAS ON B. H. S. COURT

With the league race tightened in a knot, the Falls Alumni quintet will meet the Rohm & Haas dribblers tonight on the high school floor. In the second Bristol Basketball League game, Fifth Ward will meet the Hibernians. First game will begin at 7:30 o'clock.

Falls Alumni still has a chance of getting in the playoffs of the circuit, while Rohm & Haas must win to remain in the running for first place. Both the chemical mixers and Proffy teams have lost three games but the radio-men have won two while Rohm & Haas has copped eight.

Fallington is one game away from the triple deadlock for fourth place. Should they win tonight they will climb to within striking distance of the final playoff position. Manager "Bill" Lovett will have "Kenny" Parr, "Kenny" Anderson, "Al" Monti, "Charlie" Duerr, and "Norm" White in his starting lineup.

Fifth Ward and Hibernians should prove an interesting contest. The Warders and Hibs are two of the teams tied for fourth place and the loser is certain to drop in the league standing. Both teams, along with St. Ann's, have won six and lost the same number. Fifth Ward, coached by "Pete" Boronic, will start Pat Carnvale, Vince DiTanna, Joe Piebani, Wally Carnvale, and Angelo Cordisco. The Hibs' starting array will be composed of "Bill" McGerr, "Johnny" Rodgers, Joe McDevitt, Joe Elmer, and Jesse Vanzant.

It was announced yesterday by league officials that the games originally scheduled for Friday night will be played on the Rohm & Haas floor, Sunday afternoon, due to the Bristol High School team playing at home. The games that were postponed on February 4th, will be played on the high school floor, Monday night.

BENSALEM ENDS SEASON WITH A CLOSE VICTORY

CORNWELLS HEIGHTS, Feb. 25.—In a hard-fought contest on the Owls' floor last night, the Bensalem team closed its season with a 50-47 victory over Lower Moreland. The latter team will represent Class C for Lower Montgomery County in the P. I. A. tournament next month.

With two minutes remaining to be played, Bensalem had an 11-point lead only to have it whittled down to 3 points by a Lower Moreland rally.

Quentin Bristow was the star for the winning contingent.
